

Automotive Prescreen Credit Data

Find consumers who are “In the Market” for an automobile purchase using individual credit attributes that detect ending leases, months left on a loan, Household Income, Credit Score, current equity levels, the absence of new vehicle purchases, No Bankruptcies, No Repossessions, and more.

We will assist you in targeting the consumer that best fits your needs!

Compliance

As part of our commitment to making sure that all end users of data are compliant with FTC Standards, a SAN Number is required if phone numbers are requested. Appropriate contracts/agreements are also required by the bureaus; please contact a RealSource Inc. Representative to find out what agreements are needed before processing.
